

Chapter 1.0 Rules & Regs
Section 1.2 Special Services

G1B02 (D) p.22 [97.203(b)]

With which of the following conditions must beacon stations comply?

- A. A beacon station may not use automatic control
- B. The frequency must be coordinated with the National Beacon Organization
- C. The frequency must be posted on the Internet or published in a national periodical
- D. There must be no more than one beacon signal transmitting in the same band from the same station location

G1B03 (A) p.21 [97.3(a)(9)]

Which of the following is a purpose of a beacon station as identified in the FCC rules?

- A. Observation of propagation and reception
- B. Automatic identification of repeaters
- C. Transmission of bulletins of general interest to Amateur Radio licensees
- D. Identifying net frequencies

G1B04 (A) p.20 [97.113(b)]

Which of the following must be true before amateur stations may provide communications to broadcasters for dissemination to the public?

- A. The communications must directly relate to the immediate safety of human life or protection of property and there must be no other means of communication reasonably available before or at the time of the event
- B. The communications must be approved by a local emergency preparedness official and conducted on officially designated frequencies
- C. The FCC must have declared a state of emergency
- D. All of these choices are correct

G1B10 (C) p.21 [97.203(c)]

What is the power limit for beacon stations?

- A. 10 watts PEP output
- B. 20 watts PEP output
- C. 100 watts PEP output
- D. 200 watts PEP output

G1D02 (C) p.17 [97.509(b)(3)(i)]

What license examinations may you administer when you are an accredited VE holding a General Class operator license?

- A. General and Technician
- B. General only
- C. Technician only
- D. Extra, General and Technician

G1D04 (A) p.18 [97.509(3)(i)(c)]

Which of the following is a requirement for administering a Technician Class license examination?

- A. At least three General Class or higher VEs must observe the examination
- B. At least two General Class or higher VEs must be present
- C. At least two General Class or higher VEs must be present, but only one need be Extra Class
- D. At least three VEs of Technician Class or higher must observe the examination

G1D05 (D) p.17 [97.509(b)(3)(i)]

Which of the following must a person have before they can be administering VE for a Technician Class license examination?

- A. Notification to the FCC that you want to give an examination
- B. Receipt of a CSCE for General Class
- C. Possession of a properly obtained telegraphy license
- D. An FCC General Class or higher license and VEC accreditation

G1D07 (C) p.17 [97.509(b)(1)]

Volunteer Examiners are accredited by what organization?

- A. The Federal Communications Commission
- B. The Universal Licensing System
- C. A Volunteer Examiner Coordinator
- D. The Wireless Telecommunications Bureau

G1D08 (B) p.18 [97.509(b)(3)]

Which of the following criteria must be met for a non-U.S. citizen to be an accredited Volunteer Examiner?

- A. The person must be a resident of the U.S. for a minimum of 5 years
- B. The person must hold an FCC granted Amateur Radio license of General Class or above
- C. The person's home citizenship must be in ITU region 2
- D. None of these choices is correct; a non-U.S. citizen cannot be a Volunteer Examiner

G1D10 (B) p.17 [97.509(b)(2)]

What is the minimum age that one must be to qualify as an accredited Volunteer Examiner?

- A. 12 years
- B. 18 years
- C. 21 years
- D. There is no age limit

G2B09 (A) p.21 [97.407(a)]

Who may be the control operator of an amateur station transmitting in RACES to assist relief operations during a disaster?

- A. Only a person holding an FCC issued amateur operator license
- B. Only a RACES net control operator
- C. A person holding an FCC issued amateur operator license or an appropriate government official
- D. Any control operator when normal communication systems are operational

G2B10 (D) p.21 [97.407(b)]

When may the FCC restrict normal frequency operations of amateur stations participating in RACES?

- A. When they declare a temporary state of communication emergency
- B. When they seize your equipment for use in disaster communications
- C. Only when all amateur stations are instructed to stop transmitting
- D. When the President's War Emergency Powers have been invoked

G2B11 (A) p.21 [97.405]

What frequency should be used to send a distress call?

- A. Whichever frequency has the best chance of communicating the distress message
- B. Only frequencies authorized for RACES or ARES stations
- C. Only frequencies that are within your operating privileges
- D. Only frequencies used by police, fire or emergency medical services

G2B12 (C) p.21 [97.405(b)]

When is an amateur station allowed to use any means at its disposal to assist another station in distress?

- A. Only when transmitting in RACES
- B. At any time when transmitting in an organized net
- C. At any time during an actual emergency
- D. Only on authorized HF frequencies

G2D01 (A) p.18

What is the Amateur Auxiliary to the FCC?

- A. Amateur volunteers who are formally enlisted to monitor the airwaves for rules violations
- B. Amateur volunteers who conduct amateur licensing examinations
- C. Amateur volunteers who conduct frequency coordination for amateur VHF repeaters
- D. Amateur volunteers who use their station equipment to help civil defense organizations in times of emergency

G2D02 (B) p.19

Which of the following are objectives of the Amateur Auxiliary?

- A. To conduct efficient and orderly amateur licensing examinations
- B. To encourage self-regulation and compliance with the rules by radio amateur operators
- C. To coordinate repeaters for efficient and orderly spectrum usage
- D. To provide emergency and public safety communications

G2D03 (B) p.19

What skills learned during hidden transmitter hunts are of help to the Amateur Auxiliary?

- A. Identification of out of band operation
- B. Direction finding used to locate stations violating FCC Rules
- C. Identification of different call signs
- D. Hunters have an opportunity to transmit on non-amateur frequencies
